## TROLLEY LINE PROPOSITION

MR. KENNEDY OF HOUSTON MEETS WITH THE COMMITTEE.

### TWENTY DAYS TO RAISE \$25,000

Mr. Kennedy is Much Impressed with Bryan and in Turn He Made a Fine Impression on All who Met Him—Will Come Here and Direct Construction.

Mr. Ed Kennedy, the well known capitalist and promoter of Houston, who had previously made a proposition to Bryan to build the trolley line to College, visited Bryan yesterday for the first time and met with members of the trolley line committee and other citizens, including a number of large property owners, at a meeting held at 3:00 p. m. at the offices of Doremus & Butler.

The meeting was a spirited one from start to finish and the trolley line project was exhaustively discussed. Much more interest was manifested in the enterprise than ever before, and the indications are that it is going to be a go. Mr. Kennedy renewed his proposition, made through a representative sent here recently, and placed it directly before the committee and the people of Bryan. He proposes to build the electric line and power house if the citizens of Bryan will raise \$25,000.00 in stock and furnish the right-of-way and franchises over certain streets of the city. He, on the other hand, agrees to take the remainder of the stock, \$50,000.00 or more if necessary to build and equip the line, all stock to be paid at par value.

He allows the people of Bryan, or their representatives, the committee, twenty days to raise the required amount, and as soon as this is done he will place a competent engineer in the field to locate the line. After the location has been made he agrees to complete the grading in ninety days; and strongly intimated that the whole line would be complete and in operation in six to twelve months, though this depends upon how soon contracts for steel rails and other equipments can be secured after the order is placed.

The line will be standard gauge with seventy pound rails and equipped with first-class cars.

The remarks of Mr. Kennedy impressed those who were present with his ability to carry out the terms of the contract. They were practical and to the point. They showed the importance of the road and that it is sure to serve as a nucleus of other important trolley lines connecting surrounding towns with Bryan in a very few years. He said they were embraced in the plans of interests he represents and are sure to come.

He enlarged upon the value of the road to the local schools and colleges in attracting people here to make their homes and educate their children, in increasing population and property values and developing the truck and fruit growing interests. In short he said Bryan will be a city of ten or fifteen thousand people within a few years if she will build the trolley line to the A. and M. College.

Mr. Kennedy says his attorney will visit Bryan and with an attorney representing the committee will draw up a contract as soon as Bryan is ready to act in the matter. He further proposes to come to Bryan and open an office and give personal attention to the construction work and says the money paid for labor and supplies will be spent right here in Bryan.

The committee is very much enthused about the matter as the result of the meeting and will resume the work of raising stock subscriptions on next Monday. The committee feels that this is Bryan's golden opportunity and has every confidence that the people are going to rise and meet it. Mr. Kennedy was driven over the proposed route of the line yesterday afternoon, following the meeting.

## FATALITIES OF FOURTH

Deadly Toy Pistol Causes Most of the Misfortunes.

### FIFTY-ONE ARE DEAD

About One Thousand More Persons Are in the Hospitals This Year Than at Corresponding Period of 1905.

Chicago, July 6.—Fifty-one lives thrown away and 3,551 celebrants maimed or injured, some of them fatally, is the record of this year's Glorious Fourth, as compiled by correspondents of The Tribune up to an early hour today.

The loss of life almost equals that of last year, when fifty-nine persons were killed, while every record for the number of injured was broken. Almost 1,000 more were in hospitals Thursday or swathed in bandages than on the day following the holiday last year.

That the death list will continue to grow for several days is indicated by a large number of dispatches recording injuries believed to be fatal. The deadly toy pistol was responsible for a big percentage of the injuries and six of the dead. How many of the injured are infected with the germ of tetanus can not be estimated.

### CLEVELAND BETTER.

Sends Reporter Word That He Will Be Out Soon.

Princeton, N. J., July 6.—Former President Cleveland, who is ill at his home here, sent down word from his room to a reporter of the Associated Press to the effect that he had been slightly ill, but was feeling better and would be out in a day or two.

Mr. Cleveland has been on a fishing trip in the south and returned Tuesday. He came to his home at Princeton expecting to take a trip to the west, but he was seized with an attack of indigestion. Dr. Carnochan says there is nothing at all serious with Mr. Cleveland, that it is simply a case of indigestion, which will pass over in a day or two. He will visit former Postmaster General Vilas and James H. Eckels.

### ATTEMPT CHECKMATED.

Turkey Unable to Seize More Territory on the Persian Frontier.

Constantinople, July 6.—The Turkish attempt to seize further territory on the Persian frontier has been checkmated by Governor Pushkar, who repulsed an invading force of 300 Turkish regulars and 700 mounted armed regular, with considerable loss to the raiders. The council of ministers here now instructed the Turkish commander, Zekki Pasha, to withdraw the troops from the most advanced positions and avoid further causes for rupture with Persia.

### GASOLINE EXPLODES.

Employee Killed, Four Others Injured and Building Is Wrecked.

Saginaw, Mich., July 6.—A gasoline tank in the Consendal Dye works exploded with terrific force Friday, wrecking a building in which it was located, instantly killing E. A. Foehl, an employee, and wounding four others. Every window in the block bounded by Tuscola, Jefferson, Baum and Genesee streets were broken.

### PAYS PENALTY.

James Pearsall Executed For Criminally Assaulting Lady.

### Trip of Inspection.

Washington, July 6.—Secretary Taft has determined to make a trip of inspection westward next October to Fort Riley and Fort Leavenworth, as well as to Fort Sam Houston at San Antonio. His purpose is to examine these places with particular reference to the plans of the general staff for the creation of large brigade posts at these points.

### Sentenced to Hang.

Baltimore, July 6.—William Lee, a negro, was convicted in the circuit court of this city Thursday of criminal assault on two white women in Somerset county, Virginia, and sentenced to be hanged. He confessed. Owing to fear of lynching he was brought here for trial, but will be hanged in Somerset county.

### Drowns While Swimming.

Ashland, N. H., July 6.—H. McK. Twombly, Jr., eighteen years old, the only son of H. McK. Twombly, the New York capitalist, was drowned while swimming in Big Squam lake, Hioderness, N. H., Thursday. His mother was a daughter of the late W. H. Vanderbilt.

## LIVERY STABLE TRAGEDY.

Disagreement Over a Debt Results In  
Death of a Participant.

Dallas, July 6.—As the result of an  
alleged disagreement about a debt, C.  
C. Williams shot in the back and in-  
stantly killed Friday in dead man's  
livery stable W. A. Mimms. The  
former was arrested. It is alleged that  
Mimms claimed Williams was indebted  
to him and refused to allow the  
latter to take his horse from the sta-  
ble.

It is alleged that Mimms was shot  
in the back while taking a drink of  
water and again shot when he faced  
his assailant. He said as he fell: "My  
God, Williams, you have shot me for  
nothing!" Williams is a horse trader and  
resides at Farmersville.

## BAD BELLBOY.

Charged With Attempting to Rape a  
Lady in a Dallas Hotel.

Dallas, July 6.—Will Adams, a ne-  
gro bellboy, was jailed on charge of  
entering the room of a lady guest of  
the Imperial hotel named Thomas and  
attempting to rape her. It is alleged  
that Adams Thursday night made im-  
proper advances to Mrs. Thomas and  
being repelled seized her, scratching  
and lacerating her right arm and side.  
Her screams brought help and the ne-  
gro fled. Adams was arrested Fri-  
day morning at his home. He protest-  
ed his innocence and asserted "he  
would show things up in their true  
light," and said he would "bring oth-  
ers into the deal." He is nineteen  
years old and coal black.

## GOT WRONG NAME.

It Was Robinson and Not O'Leary Re-  
ceiving Recess Appointment.

Washington, July 6.—Postoffice de-  
partment discovered that an error was  
made at Oyster Bay in making out the  
recent appointment of postmaster at  
Dallas, Tex., D. A. Robinson had been  
appointed to succeed W. M. O'Leary,  
who died about three years ago. The  
commission was erroneously issued in  
the name of O'Leary. Robinson had  
held the office since a few months af-  
ter the death of O'Leary, but not been  
confirmed because of the opposition  
of Senator Culberson, who recommend-  
ed a Mr. Middleton, of Dallas, to the  
president, but the latter refused to  
appoint him.

## MRS. HOLMAN SPEAKS.

Did Not Introduce Her Daughter to  
Stanford White.

Pittsburg, July 6.—Mrs. Charles  
Holman, mother of Mrs. Harry K.  
Thaw, broke silence Friday for the  
first time since the killing of White,  
and in a short statement issued to the  
press made denial of many stories  
printed in Pittsburg and New York pa-  
pers. In her statement Mrs. Holman  
says: "I never introduced my daugh-  
ter to Stanford White. I never took  
her to theater managers. I accom-  
panied her, as I would not permit her  
going alone. I have been maliciously  
misrepresented. My story will be told  
at the proper time. I am not in strict  
seclusion. I received all friends, but  
denied all reporters."

## STORIES CONFLICT.

Existence or Non-Existence of an Af-  
fidavit For Breach of Promise.

New York, July 6.—Conflicting sto-  
ries as to the existence or non-exist-  
ence of an affidavit made by Evelyn  
Nesbit in a breach of promise suit, in  
which it is alleged she took steps to  
bring suit against Harry Kendall  
Thaw, prior to her trip to Europe and  
marriage to him later, were told by  
persons interested in the investigation  
of the Thaw-White murder.

Early in the day Assistant District  
Attorney Garvan was quoted as say-  
ing that there was no truth in the  
story that he expected to come into  
possession of alleged affidavits, and  
further, that he had no reason to be-  
lieve such a paper existed.

Counsel for Harry Thaw and Mrs.  
Thaw herself, added their denials that  
there had ever been such an affidavit  
made or contemplated. The reports  
were said to be circulated by some en-  
emy of Thaw, and were wholly un-  
true.

Later in the day a private detective  
who had been engaged by Stanford  
White to shadow Harry Thaw was ex-  
amined by Mr. Garvan, and said he  
had submitted his reports to Howe &  
Hummel and Delancey Nicoll, attor-  
neys.

Following this came a statement at-  
tributed to the district attorney's of-  
fice that it was known there that the  
Nesbit girl had visited the office of  
Howe & Hummel; that she did have  
a consultation with Mr. Hummel, and  
it is alleged that the affidavit in ques-  
tion was the result of that interview,  
the case being Mr. Hummel's personal  
matter, and not a part of the office  
business.

It was further stated that while the  
district attorney's office had learned  
the affidavit was really made, it had  
been destroyed upon reconciliation of  
the Nesbit girl and young Thaw.

There was a further report current  
that the district attorney's office had  
been informed that a record of the al-  
leged affidavit exists, is available, and  
will play a prominent part in the evi-  
dence introduced by the prosecution  
at the Thaw trial.

Judge Olcott said that Mrs. Thaw's  
statement of several days ago, in  
which she declared that she and Thaw  
were married in Europe, and that the  
ceremony in Pittsburg was performed  
solely upon the request of Thaw's  
mother, was made under a misappre-  
hension. He said that the misunderstanding  
arose through Mrs. Thaw's misunder-  
standing a question on the telephone, and  
that as a matter of fact the Thaws  
were never married in Europe. The  
first and only marriage ceremony was  
the one performed at Pittsburg.

### REPORT OF AUDITING COMMITTEE.

Action Taken Gives Committee Plenary Powers to Collect Amounts Alleged Due the City.

As stated in The Eagle yesterday morning the Audit Company of the Southwest, headquarters in Dallas, has completed the investigation of the available books and records of the city and made a final report to the special committee of the city council charged with making the investigation. The auditors' report is signed by Messrs. Chas. Byers and C. H. Schooler of the Audit Company, and was submitted to the city council with a formal introductory report signed by Aldermen Batts, Covey and Priddy, at an adjourned meeting of the council held yesterday afternoon at three o'clock. Mayor Butler presided at the meeting and all officers were present at the meeting except Alderman Boyle.

The report was read in detail by the city secretary and proved to be very voluminous, covering financial affairs of the city in detail from Jan. 1, 1900 to April 1906. The report proper is supplemented with lengthy tabulated exhibits setting forth the findings of the auditors.

The report alleges that there is due the city an estimated total amount of \$6801.14, divided as follows:

Occupation tax \$1217.50; real estate, personal and poll taxes \$13,229.92; officers' salaries overdrawn \$1152.59; fines and costs \$691.03; committee unauthorized expense account \$145.00; property taxes for 1905 unpaid or unaccounted \$921.08; occupation taxes for entire period, unpaid or unaccounted \$1268.25; from taxes 1901 and previous, \$82.77.

The report of the special committee was received and on motion the same committee was given plenary powers and instructed to proceed with the collection of the amounts alleged to be due the city.

### ALMOST IMMUNE.

ev. Americans Thus Far Stricken With Cholera at Manila.

Manila, July 6.—The cholera situation has improved. The report Wednesday night showed nineteen new cases and ten deaths. The report for July shows twenty-eight cases and sixteen deaths. Two Americans—Robert Imbertz and — Hart are dead, but to date only five Americans have been seized with the disease. Thus far cholera has not appeared in the American section of the city. The Americans who have been stricken live in the native sections of Manila. The bureau of health has refused to permit the sale of food stuff that may have been liable to infection.

The efforts of the doctors engaged in combating the disease show results in decrease of the number of new cases reported.

While the disease started in stronger than the great epidemic of 1892, the authorities believe that they have the situation under control.

## DENIAL BY TAGGART.

Hotel Companies Are Not Respon-  
sible For Gambling.

## HEARST IS ACCUSED.

Alleges New York Editor Is Sore  
Because Recent Convention of  
Indiana Democrats Favored  
Bryan For President.

French Lick Springs, Ind., July 6.—Thomas Taggart, chairman of the Democratic national committee, gave the Associated Press the following statement made in reply to the demand made by the New York World that he resign the national chairmanship of the Democratic committee:

"The New York World has allowed itself to be imposed on by the false and scandalous publications of a rival newspaper, whose editor is my personal enemy for reasons best known to himself. There has been no raid, nor attempted raid, up the French Lick Springs hotel, nor has such a thing been thought of save by Mr. Hearst and his correspondents.

"A building owned by the French Lick Springs company, wholly disconnected from the hotel property, was

THOMAS TAGGART.

leased to a party, to be used for billiards and bowling alleys, with a strong clause against gambling in the lease. After a time this tenant permitted gambling. We brought suit for possession on account of breach of that provision in the lease, and received judgment. He appealed the case, and it is now pending for trial at the present term of court.

"The state authorities have supplemented our efforts to recover possession by raiding that building, and that is all there is to the grossly sensation publications in which the World has placed credence.

"The French Lick Springs Hotel company has not had, and will not tolerate, gambling in any form on its premises. This is attested by the court records, which show our efforts to suppress it, and it is well known to Mr. Hearst who, with such knowledge, continues the publication of his vindictive and libelous falsehoods. I regret that the World has seen fit to dignify these atrocious falsehoods by editorial mention. The proposition that I should resign is preposterous. It deserves, and will receive, no attention.

"THOMAS TAGGART."

Attention is called by intimate friends of Mr. Taggart, who are usually authorized to speak for him, to the fact that on June 7 the Indiana Democratic state convention unanimously endorsed W. J. Bryan for the presidential nomination, and that the attacks on Mr. Taggart have followed this action, which was attributed to the influence of National Chairman Taggart.

## MORE AFFIDAVITS.

Fifty Additional Have Been Filed In  
an Indiana Court.

Paoli, Ind., July 6.—Judge Buskirk granted a continuance of the French Lick and West Baden hotel cases till July 13, on request of the hotel companies, which was acceded to by Attorney General Miller on the promise that in the meantime no gambling would be allowed at either place.

Fifty additional affidavits were filed by the state against the eleven attendants of the casinos arrested when the raids were made. The total number of affidavits against them is now seventy-two.

J. W. Kern, of counsel for the hotel companies, during the argument Thursday, called attention to the damage that had been done to the two properties, valued at \$2,000,000, on account of the publication of the raids, and insisted that the hotel company had no control of the casinos whatsoever; that the casinos had been leased to third persons for a term of years and after the leases had been signed the hotel companies had brought suit to cancel these leases upon finding out that gambling was being allowed in the casinos, and that these suits are now pending.

## JUDGE SHOTS ATHLETE.

Parker Receives Mortal Wound,  
Soon Breathing His Last.

Knoxville, Tenn., Feb. 6.—Sam Parker, a young attorney and crack college athlete, was fatally shot by Judge J. E. Fulton at Helenwood, Tenn., and died. Physicians from Somerset, Ky., who came on a special train, did everything possible to save his life. Just before putting Parker under the influence of an anesthetic physicians advised him to make an ante-mortem statement if he had anything to say, as it was probable he would not survive.

Parker's reply was that Judge Fulton had shot him without provocation. He said nothing respecting reports that Fulton had accused him of having made remarks concerning Mr. Fulton. It is stated, however, that recently Fulton did accuse Parker of commenting upon Mrs. Fulton, in answer to which accusation Parker made emphatic denial, asserting that if he had ever said anything about Mrs. Fulton it had been of a most favorable nature. Judge Fulton surrendered to a deputy sheriff. He declines to make any statement.

## SOLDIERS SURPRISE WINTER.

Britisher Says They Have the Best  
Build and Bearing of Any.

Washington, July 6.—The military appearance of the American soldiers is a surprise to George V. Winter, who came from London on invitation of the war department to design certain improvements in uniforms of service, which will bring them in line with the acknowledged superior fit and make of British uniforms.

"The American soldier has the best build and bearing of any in the world," declared Mr. Winter. "I thought Tommy Atkins was the best in line, so I

THE KNIPPEL BRIDGE, COPENHAGEN.

am surprised at what I have seen here. While the American soldier is not so beefy as the Britisher, he is smarter, and better set up. He is the best looking soldier in the world—superior to the fighting men of Germany, France or England. The only improvement in uniform is to give him a better fit, giving full effect to his fine qualities." Patterns submitted by Mr. Winter indicate numerous minor changes in uniform, but not radical departure from existing styles.
